

20 - 22, October, 2022

Ha Noi, Vietnam

Hosted by HOU

CALL FOR PAPERS

<http://www.atc-conf.org> Email: atc2022@hou.edu.vn

ANTENNAS AND PROPAGATION TRACK

- Antenna Systems
- Integrated Antennas, Active Adaptive and Smart Antennas
- Electromagnetic Scattering, Channel Measurement and Propagation
- Computational Methods for Wave Propagation

SUBMISSION AND POLICIES

Submitted papers (for both regular and special sessions) are subject to a blind review process handled by an international technical program committee. An author of an accepted paper must register at full rate (member or non-member of the IEEE or REV) prior to uploading the camera-ready version. The maximum length of the camera-ready version is 6 pages. Conference proceedings that meet IEEE quality reviews standards may be eligible for inclusion in the IEEE Xplore Digital Library. The IEEE reserves the right to exclude a paper from distribution after the conference (e.g, removal from IEEE Xplore) if the paper is not presented at the conference.

COMMITTEES

Honorary Co-Chairs

- | | |
|-------------------|---|
| 1. Tran Duc Lai | REV, Rresident |
| 2. Do Xuan Thu | Hanoi Open University (HOU) |
| 3. Stefano Bregni | Vice-President for Conferences, IEEE ComSoc |

Steering Co-Chairs

- | | |
|-----------------------|-----------------------------|
| 1. Doan Quang Hoan | REV, Vice Rresident |
| 2. Tran Xuan Nam | LQDTU, Vietnam |
| 3. Nguyen Huu Thanh | HUST, Vietnam |
| 4. Nguyen Minh Phuong | Hanoi Open University (HOU) |

General Co-Chairs

- | | |
|---------------------|--------------------------------------|
| 1. Tran Xuan Tu | Vietnam National University, Vietnam |
| 2. Pham Thi Tam | Hanoi Open University (HOU) |
| 3. Hiroyoshi Yamada | Niigata University, Japan |
| 4. Hanho Lee | Inha University, South Korea |

TPC Co-Chairs

- | | |
|----------------------|-----------------------------|
| 1. Nguyen Quoc Dinh | LQDTU, Vietnam |
| 2. Nguyen Hoai Giang | Hanoi Open University (HOU) |
| 3. Kunio Sakakibara | NTech, Japan |

Publication Co-Chairs

- | | |
|---------------------|-----------------------------|
| 1. Hoang Van Phuc | LQDTU, Vietnam |
| 2. Truong Tien Tung | Hanoi Open University (HOU) |

Local Arrangement Co-Chairs

- | | |
|---------------------|-----------------------------|
| 1. Le Thi Minh Thao | Hanoi Open University (HOU) |
| 2. Dang Hai Dang | Hanoi Open University (HOU) |

The international Conference on Advanced Technologies for Communications is an annual conference series, since 2008, co-organized by the Radio & Electronics Association of Vietnam (REV) and the IEEE Communications Society (IEEE ComSoc). The goal of the series is two folds: to foster an international forum scientific and technological exchange among Vietnamese and worldwide scientists and engineers in the fields of electronics, communications and related areas, and to gather their high-quality research contributions.

In 2022, ATC will be hosted by Hanoi Open University (HOU) during October 20-22, 2022. The conference will feature prominent invited speakers as well as papers by top researchers from all over the world.

ORGANIZED BY

TECHNICAL PROGRAM

The conference program will run for three days with the regular tracks, specials sessions, and workshops. In addition, a number of tutorial sessions will be scheduled for one day before the conference starts. For the tracks and special sessions, we invite you to contribute your original work on topics in the following, but not limited to, areas:

COMMUNICATIONS TRACK

- Communication Theory
- Information & Coding Theory
- Communication Quality, Reliability & Modelling
- Wireless Communications
- Machine learning for Digital Communications
- Deep learning and Applications in Communications System

NETWORKS TRACK

- Ad hoc & Sensor Networks
- Computer Communications
- Optical Networking
- Satellite Communications
- High-Speed Networking
- Network Operations & Management

SIGNAL PROCESSING TRACK

- | | |
|--|---|
| <ul style="list-style-type: none"> • Signal, Image and Video Processing • Signal Processing for Communications • Signal Processing for Big Data • Signal Processing for the IoTs | <ul style="list-style-type: none"> • Bio-Imaging and Biomedical Signal Processing • Telemedicine and E-hospital • Biomechanics |
|--|---|

INTEGRATED CIRCUITS TRACK

- Emerging IC technologies
- VLSI Design Automation
- Digital, Analog and Mixed-Signal ICs and Systems
- RF IC Front-end and Transceivers
- Low Power Design

ELECTRONICS TRACK

- Internet of Things and Sensors
- Embedded Systems
- Automation, Robotics and Control
- Consumer and Automotive Electronics
- Smart electronic systems

MICROWAVE ENGINEERING TRACK

- | | |
|---|---|
| <ul style="list-style-type: none"> • Microwave Theory & Techniques • RF, Microwave Circuits, Systems & Applications | <ul style="list-style-type: none"> • Millimeter Wave, THz Technologies and Systems • Power Amplifier Devices and Circuits |
|---|---|

IMPORTANT DATES

Regular/special paper submission:

Manuscript submission: ~~May 31, 2022~~; ~~June 30, 2022~~; July 20, 2022
 Notification of acceptance: ~~July 15, 2022~~; ~~July 30, 2022~~; August 20, 2022
 Camera-ready submission: ~~August 15, 2022~~, ~~August 15, 2022~~, September 10, 2022

Proposal submission for Special Sessions: April 30, 2022
